### - Transportation Improvement Program (TIP) Amendments -

The Morgantown Monongalia Metropolitan Planning Organization (MMMPO) has opened a 15-day public comment period for proposed changes to its Transportation Improvement Program (TIP): the multi-year capital program that assigns federal funds to transportation projects in the greater Morgantown area. We occasionally update the TIP to add new projects, remove existing projects, or change a project's cost, schedule, or scope. We classify significant changes as amendments, which require public review.

The proposed amendments are being made in coordination with the West Virginia Department of Transportation (WVDOT)-Division of Highways to update the TIP for Federal Fiscal Year (FFY) 2027, which began on October 1, 2026. The changes include updates to major projects such as the Exit 155/Chaplin Hill Road Interchange, Harmony Grove Interchange, and West Run Road project.

The MMMPO Policy Board will consider the proposed amendments at its next public meeting, scheduled for **Thursday, November 19, 2026, at 6:00 pm** in the Morgantown City Council Chambers, 389 Spruce Street, Morgantown, WV 26505.

For more information on the amendments, please visit our website at [www.plantgether.org](http://www.plantgether.org). Paper copies of the amendments are also available at our office at 243 High Street, Room 026, Morgantown, WV 26505.

The Morgantown Monongalia Metropolitan Planning Organization (MMMPO) serves as the federally designated MPO for the greater Morgantown area, including all of Monongalia County. As an MPO, we ensure federal transportation funds are committed through a locally driven, comprehensive planning process. Since 2003, we have served that role, providing a forum for communities and agencies to solve transportation issues and progress transportation plans and projects across the region. We work with partners such as West Virginia DOT, Mountain Line Transit, WVU, county and local elected officials, business leaders, and the public.
