

# Community Planning Workshop

**Tuesday  
June 2nd**

**Drop In  
4:30 to 6:30 PM**

**371 High St  
Met Theatre**

## **Learn and Interact with Statewide and Local Projects**

The statewide plan will identify needs, programs, and policies to make it easier for West Virginians to walk and bike. Community members are encouraged to share their experiences, local expertise, and their vision for statewide active transportation.

The Greenbelt Complete Streets Feasibility Study is evaluating operational and safety improvements for all street users along West Run Road and Van Voorhis Road from Clearview Avenue to the Bakers Ridge Trailhead, to support potential future connections to the planned Greenbelt, an interconnected network of public green spaces, trails, and parks surrounding Morgantown. For updates about the Greenbelt Feasibility Study visit:

Bill Austin, MMMPO for Greenbelt Feasibility Study, (304) 291-9571

### **Community Bicycle and Pedestrian Planning Workshop for Statewide and Local Plans**

MORGANTOWN, WV – June 2, 2026 – The West Virginia Department of Highways (WVDOH) will co-host a community planning workshop with the Morgantown Monongalia Metropolitan Planning Organization (MMMPO) for the Statewide Bicycle and Pedestrian Plan and the Greenbelt Feasibility Study project.

The joint event will take place from 4:30 to 6:30 pm on the evening of Tuesday, June 2<sup>nd</sup> in the lobby of the Metropolitan Theatre located in downtown Morgantown at 371 High Street Morgantown, WV 26505.

The statewide plan will identify needs, programs, and policies to make it easier for West Virginians to walk and bike.

Community members are encouraged to share their experiences, local expertise, and their vision for statewide active transportation.

The Greenbelt Complete Streets Feasibility Study is evaluating operational and safety improvements for all street users along West Run Road and Van Voorhis Road from Clearview Avenue to the Bakers Ridge Trailhead, to support potential future connections to the planned Greenbelt, an interconnected network of public green spaces, trails, and parks surrounding Morgantown.

Visit the Statewide Bicycle and Pedestrian Plan webpage learn about the plan and to take the survey at <https://engagekh.mysocialpinpoint.com/walk-ride-wv>.

Visit the MMMPO website at <https://www.planttogether.org/> for more updates about the Greenbelt Feasibility Study and to learn about upcoming events.
