

MMMPO ANNUAL TRAFFIC COUNT LOCATIONS (DRAFT)

August 2022

The Morgantown Monongalia MPO is considering 45 locations for its annual traffic count program, as a part of its Unified Planning Work Program (UPWP). It will be a continuation of the disrupted traffic count program begun in 2012 but put on the shelf due to the impact of the Covid 19 pandemic in 2020. Please review the proposed count locations and provide us with any comments about them you may have.

Information included with this document are:

- Traffic Count Locations Table (non-classification)
- Traffic Count Locations Table (classification)
- Traffic Count Location Map
- Traffic Count Location Review (including DOH Counts) – Countywide
- Traffic Count Location Review (including DOH Counts) – Urban Area

Traffic Count Locations (non-classification) – 38 locations
